

The 57th Annual Society of Plastics Engineers Color and Appearance Division RETEC® will be held in Cleveland, OH. Come join us to meet and discuss topics related to plastics coloration. This year's theme is Rocking Color in Cleveland. CAD RETEC® is the longest running and largest technical conference in North America devoted to the coloring of plastics. It started as a technical conference focused on development, manufacturing and research in the field of color science, color measurement, and coloring plastics but has grown to be THE place to network with others in the industry.

2019 EVENTS

- Preconference Color Seminar (separate registration required)
- Two full days of technical sessions
- 60+ exhibitors showcasing products and services
- Opening reception, Monday evening
- Excellent Networking opportunities and receptions
- And More . . .
