

Attention CAD RETEC® 2021 Exhibitors:

Registration for a CAD RETEC® 2021 Tabletop includes an opportunity to represent your company during the New Technology Forum. The New Technology Forum is a series of brief commercial presentations to the RETEC audience. Please review the mission statement, guidelines, and important dates below.

The purpose of the New Technology Forum is to provide an opportunity for people involved in the coloring of plastics to hear about the newest materials and services available. The Forum is a series of 5-minute presentations by the companies that are bringing the technology to market. These presentations are not subject to the rules that apply to presentations during the technical paper sessions and will not be included in conference published documents.

The guidelines for the New Technology Forum are as follows:

- The presenting company must be a tabletop exhibitor.
- There will be 10 time slots for presentation in the new Technology Forum.
- The participating companies and the order of the presentations will be determined by random drawing during the week of August 23, 2021. Note: advanced registration deadline for Tabletop reservations is August 20th, 2021.
- Presentations are limited to 5 minutes with no questions.
- The time limit will be strictly enforced
- Participants must comply with all anti-trust regulations.
- No pricing information is to be discussed

If you would like to participate in the New Technology Forum, please respond by e-mail to me by August 20th, 2021. In your response, please include your company name and contact information (name, e-mail address and telephone number).

If there are any questions, please contact me. We are looking forward to an outstanding conference and your participation is an important part of the success. See you in Atlanta!

Sincerely,
Scott Heitzman

New Technology Forum Coordinator CAD RETEC® 2021
