

Bio-sketch for Bruce Mulholland

Bruce received a B.S. degree in Chemical Engineering from Rensselaer Polytechnic Institute in 1980. He is now retired from Celanese where he was the Global Color Technology Director. Bruce has been involved with all aspects of appearance including color development, gloss control and UV stabilization. He was with Celanese for 35 years.

Bruce is an Honored Fellow of the Society of Plastics Engineers, having achieved both Fellow and Honored Service Member status. Bruce is very active within the Color & Appearance Division, where he is currently a member of the Board of Directors, Division Treasurer, past Councilor, and a past chairman.

On the international Society level, Bruce is currently the President of SPE for the 2023 year.

He is also a member of the Detroit Color Council. Bruce has presented numerous papers on coloring and UV stabilization, and holds several patents in those areas.
