

## Bio

Eve Vitale is Chief Executive of the SPE Foundation, the only organization offering hands-on plastics education for K-12 students in the U.S. and Canada. She has always believed that education is the key to success for our youth and is proud to offer STEM programs to tens of thousands of students each year. Ms. Vitale has degrees in mechanical and manufacturing engineering, 15+ years' experience in STEM-education and non-profit development and has worked as a consultant in recycled materials and plastics sustainability. Besides plastics, she also likes hiking in the mountains, and spending time with her husband, their five children, and her dog.
